HEADQUARTERS 1ST FIGHTER WING  
LANGLEY AIR FORCE BASE VA

U.S. AIR FORCE

1947-1997

### MEMORANDUM FOR

7 JAN 1999

FROM: 1 CONS/LGCW

74 Nealy Ave., Suite 101

Langley AFB, VA 23665-0775

SUBJECT: Solicitation Mailing List Application, Standard Form 129

1. In response to your request to be placed on our Bidder's Mailing List, a Solicitation Mailing List Application (Standard Form 129), a Procurement Source Class/Federal Supply Group (PSC/FSG) Index and a Request for Cage Code (DD Form 2051), if required, are attached. This package was designed to assist both your firm and the Air Force to identify exactly what you want to sell to the Air Force. FSG Index identifies those broad groups of products or services your firm can provide. This information will be put into our automated system that may select your firm to provide price quotes for items within the PSC/FSG Index you indicated. When requirements are processed, the computer provides a list of vendors (on a rotation basis) who can supply that item.

2. Please include your "zip plus 4" code with your address. If your firm has several divisions, applications should be prepared for each division concerned. In addition, it is the responsibility of your firm to keep this office notified of any changes to your organization, address, point of contact, product line, etc.

3. If your firm has a minimum order limitation, please indicate this amount immediately after the focal point and the telephone number in block 10 as "minimum order amount \$\_\_\_\_\_".

4. Carefully select the classes, from the Procurement Source Class/Federal Supply Group (PSC/FSG) Index List, which you can furnish and enter the corresponding two (2) digit codes in block 10 of the Standard Form 129. Upon receipt of this information the Stock Class Source Code Listings (six digit codes) for the stock classes indicated on the SF 129 will be returned to you for completion. It is these six digit SCSC codes that will identify commodities/services your firm provides to our automated rotating source selection program. Contractors providing goods or services not procured for the installations are not retained in our source file.

5. With all the emphasis on government policies regarding socioeconomic programs, you are requested to pay particular attention to block 12. Firms must be identified by size (i.e., large or small) and status (i.e., economically or socially disadvantaged). Please add a notation if you are a disadvantaged firm as defined on the reverse of the SF 129.

6. DD Form 2051, Request for Assignment of a Commercial and Government Entity (Cage) Code. The Air Force has further directed that a DD Form 2051 are included in the package for completion of Section B if your firm has not already been assigned a cage code. The cage code is assigned by the Defense Logistics Services Center (DLSC) in Battle Creek, MI, and serves to permanently tie a particular vendor/contractor to a unique five digit alphanumeric code. The Cage Code is becoming increasingly important with the implementation of Electronic Commerce/Electronic Data Interchange (EC/EDI). The DOD Electronic Commerce will provide detailed information on EC/EDI upon request. They can be reached at 1-800-334-3414.

7. Please return all completed forms to:

## INSTRUCTIONS

Persons or concerns wishing to be added to a particular agency's bidder's mailing list for supplies or services shall file this properly completed and certified Solicitation Mailing List Application, together with such other lists as may be attached to this application form, with each procurement office of the Federal agency with which they desire to do business. If a Federal agency has attached a Supplemental Commodity list with instructions, complete the application as instructed. Otherwise, identify in Item 10 the equipment supplies and/or services on which you desire to bid. (Provide Federal Supply, Class or Standard Industrial Classification Codes if available.) The application shall be submitted and signed by the principal as distinguished from an agent, however constituted.

After placement on the bidder's mailing list of an agency, your failure to respond (submission of bid, or notice in writing, that you are unable to bid on that particular transaction but wish to remain on the active bidder's mailing list for that particular item) to solicitations will be understood by the agency to indicate lack of interest and concurrence in the removal of your name from the purchasing activity's solicitation mailing list for the items concerned.

### SIZE OF BUSINESS DEFINITIONS

(See Item 11A.)

a. Small business concern—A small business concern for the purpose of Government procurement is a concern, including its affiliates, which is independently owned and operated, is not dominant in the field of operation in which it is competing for Government contracts and can further qualify under the criteria concerning number of employees, average annual receipts, or other criteria, as prescribed by the Small Business Administration. (See Code of Federal Regulations, Title 13, Part 121, as amended, which contains detailed industry definitions and related procedures.)

b. Affiliates—Business concerns are affiliates of each other when either directly or indirectly (i) one concern controls or has the power to control the other, or (ii) a third party controls or has the power to control both. In determining whether concerns are independently owned and operated and whether or not affiliation exists, consideration is given to all appropriate factors including common ownership, common management, and contractual relationship. (See Items 8 and 11A.)

c. Number of employees—(Item 11B) In connection with the determination of small business status, "number of employees" means the average employment of any concern, including the employees of its domestic and foreign affiliates, based on the number of persons employed on a full-time, part-time, temporary, or other basis during each of the pay periods of the preceding 12 months. If a concern has not been in existence for 12 months, "number of employees" means the average employment of such concern and its affiliates during the period that such concern has been in existence based on the number of persons employed during each of the pay periods of the period that such concern has been in business.

### TYPE OF OWNERSHIP DEFINITIONS

(See Item 12.)

a. "Disadvantaged business concern"—means any business concern (1) which is at least 51 percent owned by one or more socially and economically disadvantaged individuals; or, in the case of any publicly owned business, at least 51 percent of the stock of which is

owned by one or more socially and economically disadvantaged individuals; and (2) whose management and daily business operations are controlled by one or more of such individuals.

b. "Women-owned business"—means a business that is at least 51 percent owned by a woman or women who are U.S. citizens and who also control and operate the business.

### TYPE OF BUSINESS DEFINITIONS

(See Item 13.)

a. Manufacturer or producer—means a person (or concern) owning, operating, or maintaining a store, warehouse, or other establishment that produces, on the premises, the materials, supplies, articles, or equipment of the general character of those listed in Item 10, or in the Federal Agency's Supplemental Commodity List, if attached.

b. Service establishment—means a concern (or person) which owns, operates, or maintains any type of business which is principally engaged in the furnishing of nonpersonal services, such as (but not limited to) repairing, cleaning, redecorating, or rental of personal property, including the furnishing of necessary repair parts or c. supplies as part of the services performed.

c. Regular dealer (Type 1)—means a person (or concern) who owns, operates, or maintains a store, warehouse, or other establishment in which the materials, supplies, articles, or equipment of the general character listed in Item 10, or in the Federal Agency's Supplemental Commodity List, if attached, are bought, kept in stock, and sold to the public in the usual course of business.

d. Regular dealer (Type 2)—In the case of supplies of particular kinds (at present, petroleum, lumber and timber products, machine tools, raw cotton, green coffee, hay, grain, feed, or straw, agricultural liming materials, tea, raw or unmanufactured cotton linters and used ADPE), Regular dealer means a person (or concern) satisfying the requirements of the regulations (Code of Federal Regulations, Title 41, 50-201.101(a)(2)) as amended from time to time, prescribed by the Secretary of Labor under the Walsh-Healey Public Contracts Act (Title 41 U.S. Code 35-45). For coal dealers see Code of Federal Regulations, Title 41, 50-201.604(a).
